

THE CHURCH UNITED

Dear Jennifer Biddle and Appraisal Council,

Please receive this affidavit in confirmation that the 7008 South Delaware Place residence has been our family's personal dwelling from June of 2014. Gateway Ministries, formerly Gateway Church of Ada, Inc., as you know, owns the property. Our ministry purchased the property to be used for our residence in light of our not owning a home of our own.

I apologize for not having sought tax exemption status for the property at an earlier date. Our present budget deficit was sufficient motivation for us to fill out the requisite paper work. I would deeply appreciate your consideration for nullifying the 2016 taxes if that is at all possible. That would be very helpful.

We have renovated the property and are presently attempting to sell it and liquidate the equity to underwrite the ministry. Thank you for your kind consideration.

Cordially, prayerfully,

Jesse Leon Rodgers
